NANO EXTREME DUTY “NXD” GREASE

Calcium Sulfonate #2 Grease. Part #NDTCS400NXD (400 lb. Drum)

Nano NXD Grease crushes traditional lithium complex greases in the toughest environments—think saltwater-soaked truck drive-trains, plant conveyors, drilling rigs, pumps, logging, hauling and any equipment that needs to fight heat and corrosion head-on under heavy loads especially in the wet.

- **Superior Water Resistance:** Performs in wet or semi-aqueous environments, such as rain and road salt-soaked drive-trains and saltwater marine equipment.
- **Wide Operating Range:** Effective from -10°F to +500°F (-23°C to +260°C), ensuring reliable performance across extreme temperatures. (dropping point 600°F+).
- **Exceptional Protection:** Delivers superior friction, rust, and corrosion protection, even in harsh conditions.
- **Protects Against Thermal and Chemical Degradation:** Stays tough under high heat and harsh conditions, preventing breakdown and wear—ensuring your equipment and seals keep running longer, no excuses.
- **Longer Maintenance Intervals:** Reduces maintenance cycles by maintaining consistency and performance over extended periods, does not degrade or swell seals.
- **Doesn't wash out:** Its Tacky and stays put.

Versatile Use: Perfect for pumps, winches, trailer fifth wheels, wheel bearings, landing gear, logging and other heavy equipment, marine environments.

Available in tubes, kegs, pails and drums to meet all your industrial lubrication needs.

Nano Pro MT NXD Grease outperforms traditional lithium complex greases in the harshest conditions: salt-water-drenched truck drive-trains, plant conveyors, drilling rigs, cement trucks, pumper, and more. Nano Pro MT Calcium Sulfonate NLGI #2 Marine Grease is packed with advanced Nanomaterials for unbeatable protection against wear, rust, and corrosion, even in extreme temps. With its unique nano properties and high-quality calcium sulfonate thickener, **NXD** grease delivers low friction and high stability under heat, wet and heavy loads. Simply put, it works better, hands down, than any other NLGI #2 grease out there for twice the price.
